

FPT INDUSTRIAL APPOINTS ROTATOR OY AS ITS NEW DISTRIBUTOR IN FINLAND

Turin, Italy, June 19th, 2024

FPT Industrial, the Iveco Group brand dedicated to the design, production, and sale of low-environmental impact powertrains, has announced a **new partnership with Rotator Oy as the authorized distributor of its full range of engines, and services for all applications, in the country of Finland**. Founded in 1954, Rotator is one of the **most experienced and well-established machine import and after-sales service companies in Finland**.

Rotator has about **160 employees** and is **headquartered in Pirkkala near Tampere**, with other offices located in Vantaa, Kuopio, Seinäjoki, Oulu, Rovaniemi, Sotkamo and Lieto.

This large and extensive network guarantees excellent coverage for its customers in terms of **servicing, spare parts, and technical support, as well as other tasks to maintain the equipment's reliability**.

*“FPT Industrial is thrilled to welcome Rotator Oy to our European distributor network,” said **Guglielmo Tummarello**, EMEA Dealer Sales at FPT Industrial. “Rotator Oy brings reliability and competitiveness, with 70 years of experience in distributing machines and equipment from the world's leading manufacturers. Its extensive knowledge of the market, flawless reputation, and true dedication to always improving its customers’ competitiveness are the best foundations to build on FPT Industrial products’ success in Finland.”*

*“We know that the result of our customers’ business depends on machines and equipment,” added **Janne Wartiovaara**, CEO at Rotator Oy. “That's why we import, sell and represent only efficient and reliable brands that are well suited to the demanding needs of the Finnish market. And FPT Industrial is certainly among them. We look forward to starting to work together and building another great success story.”*

FPT Industrial is a brand of Iveco Group N.V. (EXM: IVG), dedicated to the design, production, and sale of powertrains and solutions for on- and off-road vehicles, as well as marine and power generation applications. Over 8,000 people across ten production sites and ten R&D centers work for FPT Industrial all around the world. Active in nearly 100 different countries, its global sales and its Customer Service department supports all Brand customers. The extensive product offering includes six engine ranges with power outputs from 42 hp to over 1,000 hp, transmissions with torque up to 500 Nm, and front and rear axles from 2.45 to 32 tonne GAW (Gross Axle Weight). FPT Industrial offers the most complete line-up of natural gas engines for industrial applications on the market, with power outputs ranging from 50 to 520 hp. A dedicated ePowertrain division is accelerating the path towards net zero-emissions mobility, with electric drivelines, battery packs, and battery management systems. This extensive offering, and its strong focus on R&D, makes FPT Industrial a world leader in industrial powertrains and solutions. For more information, visit www.fptindustrial.com.
